

EDWIN

Edwin kan door het geld dat de gemeenschap heeft geschonken en de bijdrage van Stichting DARE zijn studie vervolgen. 'Ik bedank jullie hartelijk voor jullie support, ik heb nu de kans om mijn doel na te streven en wil graag advocaat worden. Daarmee wil ik mijn gemeenschap ondersteunen en het een betere plek maken voor iedereen.'

Edwin can continue his study thanks to his community and a donation from Foundation DARE. 'I thank you for your support you have given me. I am now able to achieve dream and of becoming a lawyer and assist my community and my village to be a better place.'

Levensverhaal

Life Story

02/03/2018

My name is EDWIN KIPCHIRCHIR. I am seventeen years old. I live in a small house roofed with iron sheets, and another one thatched with grass. I have two sisters and ~~two~~ two brothers. I am the second born of Fredrick kiptoo and purity Jelagat. My father is a watchman and my mother is a farmer.

I am a student at Paul Boit Boys high school in Uasin Gishu county. In my KCPE I scored 356 marks.

In our home we face a lot of challenges. Most of the time we are sent home from school for fees. Some times we go to school without food. But now I am in a boarding school where we don't lack food.

I thank you for your support you have given me. I am now able to achieve my dream of becoming a lawyer and assist my community and my village to be a better place.

Yours faithfully

EDWIN KIPCHIRCHIR.
